- Books and reading – a tool for sustainable community collaboration

# Ropaži County Municipality – Community and Traditions

- Community and cultural heritage: a community rich in cultural traditions is one of the most important factors in the stability, security and well-being of society, as well as in the preservation of cultural identity.
- the structure of cultural communities is not arbitrary – materials provided by history, geography, language and the surrounding environment are used

## Stopiņi County Municipality – Community and Traditions

- Society as a whole marks a geographical space that cannot be separated from some other larger inclusive community;
- ensures personal communication among community members, as well as attachment and dependence on a specific territory;
- A specific place provides its members with the opportunity for collective cultural experience, characterized by social cohesion and shared memories.

The story of the Ulbroka library belt and the video story of ancient houses “From farmstead to farmstead”. Regional Days LNB, Vidzeme region. August 28, 2014

## Main aspects: story – family – place – county – country or the woven pattern in the county belt

- The loom is a very old workbench – the weaving of the Holiday Belt and learning of folk characters have been going on for nine months, more than 10 pattern elements have been prepared
- In honor of their county's anniversary, everyone together created a 37 m long treasure... 427 participants participated in the work process
- each participant puts a part of their thoughts, work emotions, for some - a wedding day, for some - the memory of deceased family members
- A special feature of intangible cultural heritage is the acquired skills and message of crafts, where the modern and contemporary acquire a sense of belonging to the regional identity.

## Main aspects: story – family – place – region – country or research on historical homesteads

The research group includes librarians, a museum director, and an art historian. Material was obtained from 16 historical homesteads in six expeditions over a period of five months.

Includes the identification of ancient dwellings and various objects, photo recording of historical buildings, memories of local residents - in legends, stories, traditions, craft skills
